HILL'S FAMOUS POPCORN – THE INSIDE STORY!

Do you remember the famous and delicious Hill's Department Store Popcorn? Well guess what ... it came from us! For over 60 years our **EVEL-GADA COMPANY** was in the popcorn business. Dad worked with the Iowa University at Ames and developed a special #332 Hybrid Popcorn that was tender, hull-less and had an unsurpassed taste. For over 40 years we supplied semi-trailer loads of popcorn, railroad tanker loads of our special butter flavored May-oila, tons of popcorn salt and even the Hill's Jumbo and Texas sized Popcorn Bags that were designed by us. We delivered 262 Hill's Department Stores in 17 States and helped Hill's become the *largest popcorn account in the world!* On your next visit enjoy that same Hill's Popcorn, available only at Hummel Gift Shop.

PS: Many of you have asked about the name **EVEL-GADA** and what it means. It is a composite of our family names: **EVER**ett was my Father, **VEL**ma was my Mother, **GAL**a is my Sister and finally me, **DA**vid. Put us all together and we make **Evel-Gada**

Company, which owns Hummel Gift Shop. Just remember that I'm the "da" on the end!
